Research Interests

- Natural Language Processing
- Data Mining
- Artificial Intelligence

Education

- **Bangladesh University of Engineering and Technology**, Bangladesh Running
Master of Science, Computer Science and Engineering
- **Ahsanullah University of Science and Technology**, Bangladesh Oct 2011– Jan 2016
Bachelor of Science, Computer Science and Engineering (CGPA: 3.90/4.0)
 - Class Position: 2
 - Thesis : App Review Mining and Summarization (NLP)
Advised by Assistant Professor Sujan Sarker
- **BAF Shaheen College**, Bangladesh
Higher Secondary School Certificate (HSC), GPA: (5.00/5.0) July 2010
Secondary School Certificate (SSC), GPA: (5.00/5.0) June 2008

Technical Skills

- **Programming** : C, C++, JAVA, C#, MATLAB, PHP, Python
- **Databases** : Oracle, MySQL, Microsoft SQL Server
- **Framework** : TensorFlow, PyTorch, sklearn, OpenGL .NET framework
- **Modeling Language** : UML, E-R Diagram
- **Network Simulator** : Packet Tracer
- **Documentation Tools** : MS Office, LATEX

Teaching Experiences

- **X University** Dhaka, Bangladesh
Lecturer, Dept. of Computer Science and Engineering Oct 2017 – Present
 - Responsibilities included giving lectures, prepare assignments and exams, and grading exams.
 - CSE 131/221: Object Oriented Programming I & II – C++ / Java
 - CSE 313: Operating SystemCSE
 - 315: Theory of ComputationCSE
 - 323: MicroprocessorsCSE
 - 335: Compiler DesignCSE
 - 415: Artificial IntelligenceCSE
 - 413: Cryptography and Network SecurityCSE
 - 483: Machine LearningCSE 491: Data Mining
 - Co-supervised thesis and projects for undergrad students.
- **Ahsanullah University of Science and Technology** Dhaka, Bangladesh
Adjunct Faculty, Dept. of Computer Science and Engineering May 2016 – Oct 2017
 - Responsibilities included conducting lab courses, creating and grade the assignments and exams.
 - CSE 1102: Elementary Structured Programming LabCSE
 - 1108: Introduction to Computer SystemsCSE
 - 2106: Digital Logic Design LabCSE
 - 3100: Software Development LabCSE
 - 3108: Microprocessors LabCSE

4102: Computer Networks LabCSE
4204: Computer Graphics LabCSE
4214: Pattern Recognition Lab

Publications

- **Rabeya Sultana** and Sujan Sarker, App Review Mining and Summarization. International Journal of Computer Applications (IJCA) 179(38) : 45–52, April 2018.
- **Rabeya Sultana** and Ferdousi Barira, Mario AI Competition. IOSR Journal of Computer Engineering (IOSR-JCE), 22(6), 2020, pp. 08–15.
- **Rabeya Sultana** and Tashrifa Shahid, A Survey on Digital Signatures. International Journal of Research Publication and Reviews, Volume 2, Issue 2, 2021, Page 279–288.

Projects

■ Hospital Management System

- Designed and developed for maintaining patient's records, appointments, and doctor's schedules.
- Development Tools : NetBeans7.0, MySQL Workbench.

■ Course Planning System

- A complete and effective web based course planning system was designed and implemented. Course information, marks, files, schedule will be maintained in this project.
- Development Tools: Microsoft Visual Studio 12, Microsoft SQL Server, Bootstrap, ASP.net.

■ Inventory Management System

- This project is designed and developed for maintaining inventory details and employee details.
- Development Tools: NetBeans7.0, Oracle 10g.

■ Finger Paint

- An android based app for painting.
- Development Tools: Eclipse, Android. ■

Baitul Mukarram Mosque

- This is a graphics project of art of baitul mukarram mosque, work built using OpenGL libraries (gl, glu, glut). This project was built on CodeBlocks by exploring various parts of graphics including lighting and shading, curves, texture mapping etc.
- Development Tools: OpenGL, C.

■ Chess Game

- This is socket programming project of two player chess playing game.
- Development Tools: NetBeans8.0.1, JAVA.
